Claims

1. A compound of the formula

5

in which

 \mathbb{R}^1 is hydrogen or fluorine,

10

 R^2 is C₁-C₆-alkyl which may be substituted by C₁-C₄-alkoxy, C₃-C₆cycloalkyl, C₆-C₁₀-aryl, 5- to 6-membered heteroaryl, where C₆-C₁₀aryl and 5- to 6-membered heteroaryl may optionally be substituted by up to 3 radicals selected from the group of halogen, C1-C4-alkyl, C1-C₄-alkoxyl, trifluoromethoxy,

15

and the salts, solvates and/or solvates of the salts thereof.

2. The compound as claimed in claim 1, in which

20

 R^1 is hydrogen or fluorine,

 R^2 is C₁-C₅-alkyl which may be substituted by methoxy, ethoxy, isopropoxy, cyclopropyl,

25

or

benzyl, phenethyl, which are optionally substituted by up to 3 radicals selected from the group of fluorine, methyl, methoxy, trifluoromethoxy,

or

thienyl,

10

5

and the salts, solvates and/or solvates of the salts thereof.

3. A process for preparing compounds of the formula (I), characterized in that compounds of the formula

15

$$\begin{array}{c} F \\ N \\ N \\ N \\ N \\ N \\ CI \\ R^1 \end{array}$$
 (II),

in which R¹ has the meaning indicated in claim 1, are reacted

with a compound of the formula

$$H_2N-R^2$$
 (III),

in which R² has the meaning indicated in claim 1, and the resulting

10

compounds (I) are reacted where appropriate with the appropriate (i) solvents and/or (ii) bases or acids to give the solvates, salts or solvates of the salts thereof.

- 5 4. A compound of the invention as claimed in claim 1 or 2 for the treatment and/or prophylaxis of diseases.
 - 5. A medicament comprising at least one of the compounds as claimed in claim 1 or 2 mixed together with at least one pharmaceutically acceptable, essentially nontoxic carrier or excipient.
 - 6. The use of compounds as claimed in claim 1 or 2 for producing a medicament for the treatment and/or prophylaxis of central nervous system diseases.
- 7. The use of compounds as claimed in claim 1 or 2 for producing a medicament for the treatment and/or prophylaxis of disorders of perception, concentration, learning and/or memory.
- 8. The medicament as claimed in claim 5 for the treatment and/or prophylaxis of central nervous system diseases.
 - 9. The medicament as claimed in claim 5 for the treatment and/or prophylaxis of disorders of perception, concentration, learning and/or memory.
- 25 10. A method for controlling disorders of perception, concentration, learning and/or memory in humans or animals by administering an effective amount of the compounds from claims 1 and 2.
